Acting Director of Logistics  
1227 Ames Center Building

Frank -

In looking at the drug display as set up in the main corridor downstairs it occurred to me to wonder if we should do something in the way of Agency recognition of those in O/L and OMS who made the display possible but were not recognized - for good reason - by the American Medical Association. Perhaps you would think about this in connection with your people because I have asked DMS to do for his.
